

# **Cat**<sup>®</sup> TH314D

#### FEATURES:

- Powerful Hydraulics The chain driven boom and excellent hydraulic flow allow the operator to work efficiently and safely. Raising and lowering as well as extending and retracting the boom can be done quickly.
- Durability With excellent stability, ground clearance and guarding, the vital components of the machine are well protected from potential damage. Maintenance is easy with an accessible engine, simple to change service parts and easy access lubrication points.
- Comfort An ergonomic cab design featuring an LED dash display, multi-function joystick and comfortable seating options, ensures the operator has everything they need. Superb stability and smooth F-N-R changes provide the most comfortable ride possible.
- Safety The seated position within the cab allows for good visibility to the front work tool and stabilizers.

### **Specifications**

#### Engine

Model	TCD 3.6 L4*
Gross Power	55.4 kW
	75.3 Ch/CV/Ps
	74.3 hp/BHP
Maximum Torque	405 N·m @ 1,300 rpm
Bore	98 mm
Stroke	120 mm
Displacement	3.6 L
*Meets EU Stage V emission standards.	

#### Weights

Operating Weight with Carriage and Forks 10 095 kg

#### **Operating Specifications**

<u></u>		
Rated Load Capacity	3600 kg	
Maximum Lift Height		
Stabilizers Up	13.85 m	
Stabilizers Down	13.85 m	
Maximum Forward Reach	8.68 m	
Top Travel Speed	19 km/h	
Load at Maximum Height		
Stabilizers Up	1500 kg	
Stabilizers Down	3000 kg	
Load at Maximum Reach		
Stabilizers Up	100 kg	
Stabilizers Down	900 kg	
Outside Turning Radius Over Tires	3.81 m

Boom Up	15.9 seconds
Boom Down	11.6 seconds
Tele In	14.8 seconds
Tele Out	15.1 seconds
Crowd Forward (dump)	2.5 seconds
Crowd Backward	3.5 seconds
Combined	
Up and Out	27 seconds
Down and In	19.5 seconds
Drawbar Pull 55.4 kW	69 kN
Bucket Breakout Force to ISO 8313	72 kN
Boom Breakout Force	72 kN
Sound	
Operator Sound	80 dB(A)
Exterior Sound (55.4 kW Engine)	104 dB(A)

## tioning System

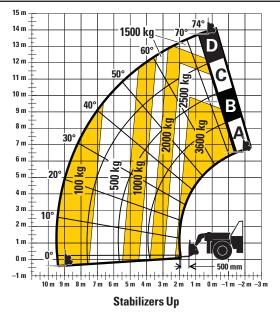

ditioning system on this machine contains the fluorinated e gas refrigerant R134a (Global Warming Potential = 1430). contains 1.2 kg of refrigerant which has a CO<sub>2</sub> equivalent tric tonnes.

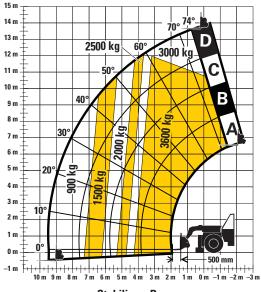

#### **Dimensions** (All dimensions are approximate.)

\*to overall height add for the following options: 67 mm for roof guard, 25 mm for air conditioning, 182 mm for beacon

#### **Load Chart and Dimensions**

**Stabilizers Down** 

#### NOTICE

Rated lift capacities shown are with machine equipped with carriage and pallet forks. The machine must be level on a firm surface with undamaged, properly inflated tires. Machine specifications and stability are based on rated lift capacities at specific boom angles and boom lengths. (If specifications are critical, the proposed application should be discussed with your dealer.) DO NOT exceed rated lift capacity loads, as unstable and dangerous machine conditions will result.

Use only approved work tools with proper material handler model/work tool load capacity charts displayed.

DO NOT tip the machine forward to determine the allowable load.

Due to continuous product improvements, machine specifications and/or equipment changes may be made without prior notification.
